Local Area Gifted & Talented Program

Thinking Outside the Box Programs are available to selected schools in the local area and offer challenging topics for you to choose from. Children will have the opportunity to interact with other children of high ability in a supportive yet challenging environment. The educational programs will allow children to explore their untapped potential and develop superior thinking skills.

How to register

1. Select the program you would like your child to attend. (Please consult with your child's teacher about the most suitable times and programs.)
2. Complete and send the enclosed Registration Form to P.O. Box 1389, Upwey, Victoria, 3158 or register by phone or email by **Wednesday January 18th 2012**.
3. You will receive an invoice and your **payment** will be due by **Wednesday February 8th 2012**.

Avoid disappointment

Places on programs will be offered to students in order of receipt of registrations. Invoices will be sent out to parents and will need to be paid by the due date to secure the child's place. Places that have not been paid for prior to the due date may be offered to students on a waiting list.

Transport to and from classes

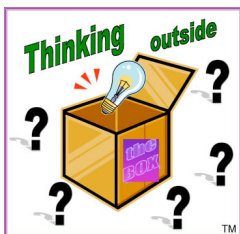

Parents will need to arrange transport for their child to and from classes. You may wish to coordinate with other nearby parents to share transport. There is a section on the enclosed Registration Form where you can indicate if you would like us to put you in contact with other parents to organise sharing.

Important notes

- Late registrations will be placed on a waiting list if a program is full.
- Full payment must be made one week prior to the commencement of a program.
- If you withdraw your child less than two weeks before the program commences a late cancellation fee of 20% may apply.
- A minimum number of enrolments may be required for each program to go ahead. If there are insufficient enrolments, the program may be cancelled and you may be offered a place on another program (if there are any vacancies) or your payment will be refunded.

Guarantee

We are so confident in the quality of *Thinking Outside The Box Programs* that we offer a refund if you are not satisfied.
