Weekend Camps for Gifted Children aged 7-14

We are now taking enrolments for our 2012 Weekend Camps for gifted and talented children in several states of Australia. For the past 20 years I have been running these camps. We currently offer them in NSW, ACT, WA and Victoria. The strength of the camps has always been the children themselves. Giving gifted children the opportunity to spend time with like minded peers engaged in interesting or challenging activities and social experiences is vital for their wellbeing. "If gifted and talented students are to achieve their potential, they require expanded educational opportunities beyond the scope of the regular school program. The students need to explore different career options, crafts, ideas and skills that challenge their abilities. Our children need personal attention, adult commitment, role models they can admire and talk to." (Hegeman, 1987, p123) The camp aims to address some of these needs within a fun supportive environment.

[LEARN MORE about our Camp Program :](#)
