

Kristian Lang

first solo exhibition

Friday 25th May 2007 at 7.30pm

Centre for the Exceptional Learner,
Luther College
Plymouth Rd. Croydon, Vic 3134

Cost: \$10
Presenter : Maxine Cowie
all proceeds to charity and Gifted Resources

Kristian Lang is 9 years old and is a Visual Spatial Learner. His creative talents will be on show for one night, by invitation from Maxine Cowie, to demonstrate what happens when a Visual Spatial Learner embraces their abilities and uses them to their full potential. Maxine has invited Kristian to show his work so that other children might be inspired to embrace their talents too. With Maxine's words of wisdom, and the support of teachers who understand Visual Spatial Learning, Kristian has truly been empowered to 'shine'!

Maxine Cowie established Starjump – The Centre for Visual Spatial Learners in 1993. She began her study into this area in the early 80's, when she was involved in Aboriginal Education. It was understood then that Aboriginal people were in fact gifted in the areas of visual spatial cognition and yet we had failed in our attempts to find a successful way to teach literacy to this group of children.

Maxine found 10-15% of non-indigenous students had similar difficulties with learning to read, write and spell. Many of these children were incredibly bright but simply could not learn easily in the classroom. Maxine set about creating a program, now available on CD, for students to work on in the classroom or at home. It has proven to be very successful with the students she works with on a private basis. The CD is currently being evaluated by Swinburne University.

Maxine will be launching the VSL – Literacy CD on this evening and has invited Kristian to exhibit his artwork for the event. Booking essential. Phone (03) 9724 2452 and leave a voicemail message or email jo@giftedresources.org

or simply let Tina, Tim and Kristian know you would like to come along....9376 5292 or 0412 993 650
