## *Gifted Resources News*

### **APPROVALS AND BLESSINGS**

Last week I visited the De Bono Institute in Melbourne and showed my Feetspeak presentation to the CEO, Susan Mackie. I wanted to make sure that I had used the De Bono Six Action Shoes correctly. Susan assured me that I had indeed used them correctly and that the presentation gave a powerful metaphor for the twice exceptional student.

And the week before that I was honoured to be introduced to Prof. Francoys Gagne when he was in Melbourne and was able to ask permission for my Sprite to road test the De Bono Action Shoes by trotting across his DMGT model diagram in the animations for my presentation. And he gave his blessing for me to use it that way in a very charming manner.

Prof. Gagne introduced an updated version of his DMGT model. He called it 2.0 You can read about it by following the links to the VAGTC and NSWAGTC in the Interesting Websites section of this newsletter

My Sprite was trotting across a previous version (2000 Update version) and the appearance of the DMGT model diagram has changed somewhat now

I will be giving the presentation on Friday 15 May 2009 See flyer in this issue of the newsletter and the Events section of Gifted Resources website [www.giftedresources.org](http://www.giftedresources.org)

# Gifted Resources Speaker Evening

Jo Freitag presents

## Feetspeak: 2E Shoes

Or

How a sprained ankle, Gagne's DMGT model and De Bono's Six Action Shoes helped me consider the needs of Twice Exceptional (2E) students: those who are gifted and have a learning disability

**Friday 15 May 2009**

**7.00pm for 7.30pm start**

**Centre for the Exceptional Learner Luther College**

**Plymouth Rd Croydon Vic 3136**

**Cost: 20.00**

### **Is there an ideal education program to cater for the needs of students who are both gifted and have a learning disability?**

This entertaining presentation began life as a short chatty blog entry about Jo's sprained ankle and difficulty in finding shoes which could cater for both feet and the connection to finding programs for 2E students.

However when she read articles on the topic and started to investigate the type of programs available for both gifted and learning disabled students using Edward De Bono's Six Action Shoes as a framework to consider courses of action; Jo discovered the reasons it is so difficult to cater simultaneously for both the gifted and learning disabled aspects of the twice exceptional student.

Along the way humorous anecdotes and animations and a series of Feetspeak cartoons about the practical problems caused by the sprained ankle help to raise awareness of how it feels to be a 'lame cheetah'

## **Dimensions Parents Forum 12.04.2009 ORGANISATION & STUDY SKILLS**

Providing strategies & guidelines for effective learning  
(An Information Night for Parents and / or Students)

Bright students often sail through primary school, achieving high grades, with little or no effort. Whilst this makes the primary years enjoyable and easy, these same students often come crashing down in later secondary years when more than intellect alone is necessary to obtain those high results. For students who are not in the habit of doing homework, or who have not developed and practiced effective studying techniques, the study demands at this stage can be a little overwhelming, leaving students feeling disorganized, unmotivated, and doubting themselves and their ability to actually achieve their goals.

This seminar is suitable for both parents and students and looks at very practical ways in which students can manage their time and maximize their learning opportunities, including:

Time management – Prioritising - Understanding your work preferences -  
Studying & Note taking - Establishing good work habits - Goal setting and Rewards

Presenter: Alison Brown is a registered psychologist, an experienced teacher and a parent. Alison brings experience from both an educational and psychological background. Having taught for seven years at Methodist Ladies' College, and worked as a school psychologist at Kincoppal-Rose Bay, Sydney, she has first-hand experience in recognising and catering for the social, emotional, and academic needs of students. Alison runs a private practice in Melbourne, working particularly in the areas of parenting, counselling and gifted children and is currently undertaking a PhD through La Trobe University.

## From Kylie Walker

Hi Everyone,

Many of you are aware that in addition to my voluntary work with NSWAGTC (as SSGAT coordinator) I recently started my own gifted education consultancy.

I have been asked by many of you to start holding kids workshops on weekends in the southern end of Sydney.

Well, I have finally done it!

I need to make you all aware that I am running these workshops privately...not for the NSWAGTC. In order to ensure there is not conflict of interest I wanted to explicitly point this out and encourage you to also attend Explorama in the holidays. Explorama is run by NSWAGTC and details can be found on their website- I am also presenting a kids workshop there. I will, however, be giving a discount to NSWAGTC members as with all my fees. Please visit: [www.soundsuccess.com.au](http://www.soundsuccess.com.au) and go to the workshop page for more information. I have also attached a flier for you to pass onto anyone who may be interested.

I am really excited about this step forward for gifted education in the southern suburbs and can't wait to work with your kids.

Kind Regards,

**Kylie Walker**

## VAGTC presents:

### 2009 CONFERENCE - DIFFERENTIATION FOR GIFTED STUDENTS

The **Victorian Association for Gifted and Talented Children** is proud to bring **Carol Ann Tomlinson** to Melbourne for their forthcoming **2009 Conference**. Carol is an outstanding teacher whose practical approach to differentiation is powerful and inspiring.

Prof. Tomlinson's career as an educator includes 21 years as a public school teacher, including 12 years as a program administrator of special services for struggling and advanced learners. Currently, Prof. Tomlinson is a Professor of Educational Leadership at the University of Virginia, where she was named Outstanding Professor in 2004. She is also Co-Director of the university's Institutes on Academic Diversity.

Special interests throughout Prof. Tomlinson's career have included curriculum and instruction for struggling learners and advanced learners, effective instruction in heterogeneous settings and encouraging creative and critical thinking in the classroom. She works throughout the U.S. and abroad with teachers whose goal is to develop more responsive heterogeneous classrooms.

**Date:** **Wednesday, 12 and Thursday 13 August 2009**

**Time:** 8.45am start Wednesday (Registration opens at 7.30am)

## ALISON BROWN RIDING THE WAVES PARENTS FORUM

Living with bright and capable young children can be an absolute delight, as they quickly develop and become increasingly aware of the world around them. This awareness and rapid development, however, often brings with it a heightened intensity in social, emotional and physical issues. Encountering frustrations and perfectionism in a 2 year old, an intense sense of fairness and social justice in a 4 year old, and an insatiable thirst for knowledge in a 6 year old can leave parents wondering how best to meet the needs of bright little children who seem to be “marching to the beat of a different drum”.

“Riding the Waves” is a **monthly forum** for parents of emotionally intense and gifted children. With a range of topics and techniques presented each month, this forum provides an opportunity to meet and discuss issues with parents sharing similar experiences. Come along to the topics that interest you or whichever months you are free.

As well as general discussion, these monthly meetings will cover topics as follows:

- ❖ Social interactions (March 2009)
- ❖ Thirst for knowledge (April 2009)
- ❖ Organisational skills (May 2009)
- ❖ Obsessive behaviours (June 2009)
- ❖ Extra curricular activities (July 2009)
- ❖ Modifying school and homework task

**DATE:** 4<sup>th</sup> Tuesday of each month

**TIME:** 7.30 – 8.30pm

**VENUE:** Melbourne University – Hawthorn Campus (Auburn Road - **Mel Ref: 59E2**)

**COST:** \$35.00 per session

FROM BETH GREEN

My name is Beth and I volunteer to help spread the word about a new free Obsessive compulsive disorder online support group.

As I know this falls within your interest I thought that you might want to help us in the quest to reach as many people as possible (the more people know about the group the better help they will get). You can support us in many ways (not financially): telling people you know, linking to it, writing a blog or forum post and participating in the group discussions.

Your help is much needed and any support will be most appreciated.  
You can check out the group at: [mdjunction.com/obsessive-compulsive-disorder](http://mdjunction.com/obsessive-compulsive-disorder)

Sincerely,
